Stories of Home: People and Plants on the Greenest Block in Brooklyn

Hazel Deane, Pauline Green, Grace Henry, Vera Toney, and Carol Wilson of 300 East 25th Street Block Association, frequent winners of the Greenest Block in Brooklyn contest

“Our block is a place where old meets new, where people—young and old—from diverse origins weave vibrant colors and rhythms into creative planters, window boxes, and tree beds. We hope our story will encourage you to reach outside your comfort zone and beyond your block to create a loving and beautiful environment.”

Present this flyer for free admission to the Garden.
